

# Sunrise Avenue, All Because Of You

Things weren' t going my way  
I was feeling down all the time  
You held me through the pain  
Stood by me in the rain

So today I'm free  
Feeling fine all the time  
Don't have to wait and see  
We're on a one way dream

Like the clouds I'm flying and I'm...

And now I' m flying high above the sky  
And it' s all because of you  
I got a feeling in my heart  
My life can really start  
And it' s all because of you

I' ll defend this fairytale  
For me it's true till the end  
Something more than real  
With you I can't pretend

So today I'm free  
Feeling fine all the time  
Don't have to wait and see  
We're on a one way dream

Like the clouds I'm flying and I'm...

And now I' m flying high above the sky  
And it' s all because of you  
I got a feeling in my heart  
My life can really start  
And it' s all because of you
