

Sunrise Avenue, You gave the rain

I want to be just like you
When you're dancing in the rain
Your clothes are wet, your feeling cold
But you're acting all the same
Drops on you
Down to the ground they fall
Like a child
You make a game of it all
I've got feelings for you, Baby
My feelings are so strong
Believe in me!
Believe in this thing!
I believe in all the love we have
inside our dreams
Oh does this feeling
Have some meaning?
I was the thirsty flower on the ground
And Baby you gave the rain
Some of the evenings
I'm wondering what for
I was a human being
With my life behind the door
Only life I have is to be by your side
I walked along with you as my guide
I've got feelings for you Baby
My feelings are so strong
Believe in me
Believe in this thing
I believing on the love
We had inside our dreams
All does this feeling
Have some meaning
I was the thirsty flower on the ground
And Baby you gave the rain
ooooooooooooouoooooooooooo
'Cause I got feelings for you Baby
My feelings are so strong
Believe in me
Believe in this thing
I believing on the love
We had inside our dreams
All does this feeling
Have some meaning
I was the thirsty flower on the ground
And Baby you gave the rain
you gave the rain
