Sunset Shootout, Shake This Feeling

Hey girl,
You gotta shape up
Just so you know.
You act like it's over
You're so scared of always being alone
Just wait for the times when we're at home
It's too easy for you to give up when
The going gets tough, and
Next time, please be
The person that you know you are.

One more time, you gotta ride this out
And I, all I want to do is help
When you are feeling down and out.

But if you
Look to the stars,
I will be right where you are
And I'll say one more time,
That we'll be fine.
Look to the stars,
I will be right where you are
And I'll say one more time,
That we'll be fine
Until we can find a way
To get us both out of this place.
And then, you'll see
The reason you have me.

So now, you think we're spinning out of control
It's so bad, whoa
Oh my God, you gotta shake, shake, shake this feeling
She looked at me, she knew it was time to go
I said to her, "You know
People will change,
Some people will choose to go.
But I will be here for now and forever."

One more time, you gotta ride this out
And I, all I want to do is help
When you are feeling down and out.

Look to the stars,
I will be right where you are
And I'll say one more time,
That we'll be fine.
Look to the stars,
I will be right where you are
And I'll say one more time,
That we'll be fine
Until we can find a way
To get us both out of this place.
And then, you'll see
The reason you have me.

I'm not gonna take it for granted
If it's our last goodbye.
I'm not gonna take it for granted
If it's our last goodbye.
I'm not gonna take it for granted
If all that you say,
In one single second could all go away;
Take it for granted if it's our last goodbye.

Look to the stars,
I will be right where you are
And I'll say one more time,
That we'll be fine.
Look to the stars,
I will be right where you are
And I'll say one more time,
That we'll be fine
Until we can find a way
To get us both out of this place.
And then, you'll see
The reason you have me.
