

# Sunshine Anderson, Crazy Love

Crazy Love

Here we go again  
My heart keeps giving in  
To you and your crazy love  
It's back to this again  
My heart keeps giving in  
To you and your crazy love

I hadn't heard from you in a while  
Since I said it was over  
So when you called me the other day  
It was a total surprise  
You said you still love  
Miss me need to be with me  
But the days are still passing by  
In three months I'll be hearing that same ol' thing  
That's how I know it's all lies

Here we go again  
My heart keeps giving in  
To you and your crazy love  
It's back to this again  
My heart keeps giving in  
To you and your crazy love

You said you would call the next day  
How I waited and prayed  
That you would  
Hell it's been five days since that  
I should have known it  
Even your bond on your word ain't no good  
If you love me  
You'd work a real job  
You wouldn't need all them cars

You wouldn't need all that ice on your arm  
Anything to be with me  
You would do it  
But instead you choose to put me through it, oh  
I so wanna believe in you  
But you keep making it so hard to  
How much more can my heart take  
Is hanging on to us a big mistake

Here we go again  
My heart keeps giving in  
To you and your crazy love  
It's back to this again  
My heart keeps giving in  
To you and your crazy love

Here we go again  
My heart keeps giving in  
To you and your crazy love  
It's back to this again  
My heart keeps giving in  
To you and your crazy love
