

# Sunshine Anderson, Last Night

Last night I fell in love

It takes control of me when I see love in your eyes your like  
a spring time breeze you send chills through me a natural high  
it just the way you've been my best friend right by my side  
and there no one else like you baby last night I realized  
that why

Last night I fell in love see I fell in love with you all over again  
it true I fell in love with you

It was unbelievable when you touch me so tenderly your kiss  
was so sweet and though you will never know it was like a dream  
I hope that it will never end please do it again cause it feels  
all right I need someone to pinch me please cause I can't  
believe It happened in one night

Last night I fell in love see I fell in love with you all over again  
it true I fell in love with you

Last night felt just like the very first time when you  
and I first made love on that first night it would be only right if  
we live our lives side by side cause last night I feel in love with you again

Last night I fell in love see I fell in love with you all over again  
it true I fell in love with you

Last night I fell in love see I fell in love with you all over again  
it true I fell in love with you

Last night I fell in love see I fell in love with you all over again  
it true I fell in love with you
