

# Sunshine Anderson, Lunch Or Dinner

I can tell that you're used to dealing with  
Chicken heads who have no kind of class  
They're unable to keep your mind intrigued  
From moving too fast  
What need is someone who can provide  
You a challenge that's keeping you alive  
100% woman yes indeed you  
Say that's what you need  
So I'm thinking

Chorus:

Since I'm who you want  
And need in your life  
Then we should do lunch  
Or dinner sometime

I can see that you're full of confidence  
One of many things I like about you  
Your body language is speaking loud and clear  
And it's music to my ears  
So I'm thinking

Chorus-repeat 2x

Since I'm feeling you  
And you're feeling me  
Then I'm willing to take the chance  
And show you what a true woman  
Is all about  
And we'll see how things play out, oh

Chorus-repeat 3x
