

Sunspot, Neanderthal

Virtual murder,
pixelated death,
we can kill each other,
with no regrets.
Like raping a hooker,
Or popping a cop,
Or pushing a handi,
Right out of his wheelchair.

Your thoughts become reality,
Focusing on a tragedy,
And now Im fucking my PC.

I am Neanderthal.
I am Incredible.
I am Neanderthal.
Berserker.

This liquor stores a mammoth,
This gats a bone.
Theres too much information,
In this age of Stone.

Your thoughts become reality,
A self-fulfilling prophecy,
And now Im fucking my PC.

I am Neanderthal.
I am Incredible.
I am Neanderthal.
Berserker.

Your thoughts become reality,
Focusing on a tragedy,
And now Im fucking my PC.

I am Neanderthal.
I am Incredible.
I am Neanderthal.

Berserker.
Berserker.
Berserker.
