

# SupaRed, Let's Be Heroes

[Kiske]

Ain't we had it all  
And more, by now  
Ain't it all had to fall  
Come on, somehow

We're still running  
Don't stop running

Let's be sun-like, Let's be heroes  
Let's be different, Let it all be right  
Let's be sun-like, Let's be heroes  
Let us win

It's mediocrity that kills  
I told you  
Isn't it the enemy, It seeths  
And I told you

Let's not run with them  
And go down with them

[Refrain: 2x]

I awake  
To see me fade  
Can not wait  
Hey awake  
Get away  
It's getting late

[Refrain: 4x]
