

# Super Deluxe, Commonplace

I made a date  
to confront myself  
completely unaware  
of my mind's state  
my brilliant mind  
finds me defined and redefined  
i made a pact  
and how i deliver  
completely unrehearsed  
for what i lack  
my steps i trace  
to the commonplace

I won't hide behind my words  
i mean exactly what i say  
i say for better or for worse  
i won't hide behind my words  
hide behind my words

i made a vow  
and how i'm comitted completely understood  
i will allow  
this loss of face to commonplace

but i'm serious  
so serious  
how serious am i  
i'm serious  
so serious  
how serious am i  
am i

i won't hide behind my words  
i mean exactly what i say  
i say for better or for worse  
i won't hide behind my words  
behind my words  
behind my words  
behind my words.....
