

# Super Deluxe, Johnny's Gone Fishin'

There's no concrete theory in my hand  
there's a vague philosophy i've read  
there's a thought that i should think instead  
there's a monster underneath my bed

there's a point to everything i've said  
there's a sweet insanity ahead

it won't be too long until i'm falling  
it won't be too long until i'm falling  
it won't be too long until i'm falling

(solo)

it won't be too long until i'm falling  
it won't be too long until i'm falling  
it won't be too long until i'm falling.....
