## Super Deluxe, Johnny's Gone Fishin'

There's no concrete theory in my hand there's a vague philosophy i've read there's a thought that i should think instead there's a monster underneath my bed

there's a point to everything i've said there's a sweet insanity ahead

it won't be too long until i'm falling it won't be too long until i'm falling it won't be too long until i'm falling

(solo)

it won't be too long until i'm falling it won't be too long until i'm falling it won't be too long until i'm falling.....
