

# Super Deluxe, Lizadrin

Don't bring me down  
Don't bring me down  
don't come around  
don't bring me down

everytime we think you've found the things  
you've looked for all around  
well you were simply out of town  
while we were cold and lonely  
things were turning upside down  
and there were rumors underground  
and you were simply out of town  
while we were cold and lonely

yeah, yeah

(chorus)

everytime we think you've found the things  
you've looked for all around  
well you were simply out of town  
while we were cold and lonely  
things were turning upside down  
and there were rumors underground  
and you were simply out of town  
while we were cold and lonely

yeah, yeah

(chorus)
