

Super Deluxe, Lost In Your Failures

I can see you safe and young and pure
underneath you
where no one else can see
calling your name
waiting for reply
it will not be
easy to deny

don't wanna be
lost in your failures
don't wanna be
laid down by you
don't wanna be
lost in your failures
don't wanna be
stuck inside your angry world

I can feel you
reaching for the door
moving slowly
crawling on the floor
finding your way
falling out of sight
keep it inside
taking it away

don't wanna be
lost in your failures
don't wanna be
laid down by you
don't wanna be
lost in your failures
don't wanna be
stuck inside your angry world

I can see you
safe and young and pure
underneath you
no one else can see
calling your name
waiting for reply
it will not be
easy to deny

don't wanna be
lost in your failures
don't wanna be
laid down by you
don't wanna be
lost in your failures
don't wanna be
stuck inside your angry world
