

# Super Furry Animals, Atomik Lust

If your moon should eclipse me  
And block out my sun  
Ride on typhoons and hurricanes  
Watch skymap on re-run

Fine times to walk on wine  
Heads down no stress  
Find some atomik lust  
Whenever, more or less

So long, the thrills long gone  
No more duress  
No more atomik lust  
Whenever, more or less

Let's get our shit together  
Insane with crackbrainz  
I'd love to see the ending someday  
Of Citizen Kane

Fine times to walk on wine  
Heads down no stress  
Find some atomik lust  
Whenever, more or less
