

# Super Furry Animals, Fire In My Heart

I've got a fire in my heart for you  
I've got a fire in my heart for you  
I've got a fire in my heart  
'Though I'm falling apart  
Still I've got a fire in my heart for you

I've got pins and needles for you  
I've got pins and needles for you  
You've got needles and pins  
And the seven deadly sins  
Still I've got a fire in my heart for you

I've a butterfly stomach for you  
I've a butterfly stomach for you  
And as the cars fly by  
I just break down and cry  
Still I've got a fire in my heart for you

Well the monkey puzzle tree  
Has some questions  
For the watchdogs of the profane  
And I ask is it sad  
That I'm driving myself mad  
As this fire in my heart turns blue?

I've got a fire in my heart for you (X4)
