

# Super Furry Animals, Golden Retriever

Hey said the devil  
When I met you at the roundabout  
She's got powers  
Magnetic devours you of everything you've got

She's a golden retriever  
Retrieves your oldest coin  
Leads you blindly down every dark alley  
Then she'll bleed you dry

Stop! Said the puppy  
When I met him at the zebra cross  
She said "You need protection  
From every direction  
But she'll get you anyhow"

She's a golden retriever  
Retrieves your oldest coin  
Leads you blindly down every dark alley  
Then she'll bleed you dry

She's a golden retriever  
She's a golden retriever  
Golden retriever  
Golden retriever
