

Super Furry Animals, The Undefeated

I, I loose again
You are the victor
I confess
You are David and Goliath
Im but the dirt
Beneath your feet
But so shallow the Undefeated
Step, Step into my shoes
Ill try and make you understand
I live my life without a plan
I need no guidance
Just youre patience
For so shallow the undefeated
Yes so shallow the undefeated
Every animal has its day
We will chase the phantoms away
For so shallow the undefeated
