

# Super Furry Animals, The Undefeated

I, I loose again  
You are the victor  
I confess  
You are David and Goliath  
Im but the dirt  
Beneath your feet  
But so shallow the Undefeated  
Step, Step into my shoes  
Ill try and make you understand  
I live my life without a plan  
I need no guidance  
Just youre patience  
For so shallow the undefeated  
Yes so shallow the undefeated  
Every animal has its day  
We will chase the phantoms away  
For so shallow the undefeated
