

# Superbutt, Mother Goose

Rub a dub tub, two men in a tub  
And who do you think they'd be?  
Osamo and Georgie laying down plans  
To fuck-up you and me

Georgie Pordgie, pudding and pie  
Sent some bombs to make you die  
When your children couldn't play  
Georgie Pordgie whacked away

Mother gooses me, mother gooses you  
Life's a nursery rhyme, so what else is new?  
You're fucking me, I'm fucking you  
What else is new? What else is new?

Eenie meenie minie moe  
Catch a martyr by his toe  
If he pulls the pin you'll know  
You've been fucked by Osamo

Mother gooses me, mother gooses you  
Life's a nursery rhyme, so what else is new?  
You're fucking me, I'm fucking you  
What else is new? What else is new?
