

# Superchic, Beauty From Pain

&lt;The lights go out all around me  
One last candle to keep out the night  
And then the darkness surrounds me  
I know I'm alive  
But I feel like I've died

And all that's left is to accept that it's over  
My dreams ran like sand through the fists that I made  
I try to keep warm but I just grow colder  
I feel like I'm slipping away

After all this has passed  
I still will remain  
After I've cried my last  
There'll be beauty from pain  
Though it won't be today  
Someday I'll hope again  
And there'll be beauty from pain  
You will bring beauty from my pain

My whole world is the pain inside me  
The best I can do is just get through the day  
When life before is only a memory  
I wonder why God let me walk through this place

And though I can't understand why this happened  
I know that I will when I look back someday  
And see how You've brought beauty from ashes  
And made me as gold purified through these flames

Here and I am at the end of me (at the end of me)  
Trying to hold to what I can't see  
I forgot how to hope  
This night's been so long  
I cling to your promise there will be a dawn&gt;
