

# Superchick, Real

I am what I am  
I'm super fortified hundred proof girl with a band  
And I'm a velveteen rabbit made of steel with a plan  
I'm not your seventeen girl but its not worth a can  
Of worms, I'm not your beauty queen  
I'm not the girl in glamour magazine  
I'm not running for miss popularity  
Cause I won't be what I can't be

Chorus: But I want to be real  
I want to find out who I am  
And I will find my way to heal  
And I will find my voice my stand

I am who I am  
I am woman hear me roar and I am salt, I am sand  
A million starfish stranded, landed, I'll throw back what I can  
I'll save the planet, change the world, I'll make a one girl stand  
I've got better things to do than be shown off  
I won't be the doll you lock up in a box  
Don't expect me to be anything I'm not  
Cause I won't be what I can't be

Chorus

Approval is your sword  
Popularity your crown  
But I'm not one of your subjects, you can't bring me down  
You say I lose your approval if I'm not cool like you  
Well, here's a newsflash for you - I've got nothing to lose  
Your laughter is hollow because I don't care  
You look down on me, but I'm not there  
I've got nothing to prove and nothing to lose  
Nothing to prove and nothing to lose

Chorus

(And if I never find a place that I can call my own  
I will have tried I will've been free  
I'll be alive as long as I'm still trying to be me  
As long as I'm still trying to be me )
