

Superdrag, Amphetamine

You're the next local superstar,
Take a bow if you get this far.
Nothing's real baby make a move,
Some expected groove
Prove it to the world.
Now drink and be real
This is the last time.

Hard to conceal the flavor of strychnine
Whenever you steal you make it the right line.
Your the next disappointing boom,
Burning out in the same black room.
Nothing's real if you read the news,
If you bled the blues,
Prove it to the world.
Now drink and be real
This is the last time.

Hard to conceal the flavor of strychnine
Whenever you steal you make it the right line.

Rolling with some friends of mine, yeah
