

# Superdrag, Cynicality

cynicality couldn't comfort me again  
wanna die and, wanna die  
Anne - if it you and me it a casualty again  
wanna try and, wanna try and  
make it happen  
cause nothing happenin  
nothin' happenin, nothin' happenin  
is this happenin? is this happenin?  
is this happening?  
I will not expect it can only bring me down  
further down yeah, further down yeah  
you're in full effect I can only bring you down  
turn around yeah, turn around yeah  
make it happen...
