

Superdrag, Feeling Like I Do

come on baby. get me into the car.
out on a bender and waiting for you. get me out of the bar.
i don't feel like staying. i just want something to do.
i just wanna sleep it off with you. pour me into you.

come on baby. get up just to get down.
out on a bender and waiting for you. count me out on the town.
i don't feel like staying. i just want something to do.
i just wanna sleep it off with you. pour me into you.
i don't want you feeling like i do. yeah yeah.
i just want you twisted with me too. yeah yeah.
i don't know what i've been trying to prove. yeah yeah.
every time i get too fucked to move. yeah yeah.
