

Superdrag, I Can't Wait

We've gotta get outta here
We've gotta get outta here
I'm so tired of this year
Take everything that you can
Take everything that you can
You wanna hold out you can
It's just the waiting that I can't stand
Yeah I know
It's just a year
I know
I know

I hope you let it all down
I hope you let it all down
When no one else is around
Don't know what else I can do
Don't know what else I can do
I'm so lost without you
It's just the wanting
I'll make it through

Yeah I know
It's just a year
I know
But I can't wait
I can't wait
I can't wait
Oh no
Never wait
I know
I know

Yeah I know
It's just a year
I know
But I can't wait
I can't wait
I can't wait
Oh no
Never wait
I know
I know
