

# Superdrag, I Can't Wait

We've gotta get outta here  
We've gotta get outta here  
I'm so tired of this year  
Take everything that you can  
Take everything that you can  
You wanna hold out you can  
It's just the waiting that I can't stand  
Yeah I know  
It's just a year  
I know  
I know

I hope you let it all down  
I hope you let it all down  
When no one else is around  
Don't know what else I can do  
Don't know what else I can do  
I'm so lost without you  
It's just the wanting  
I'll make it through

Yeah I know  
It's just a year  
I know  
But I can't wait  
I can't wait  
I can't wait  
Oh no  
Never wait  
I know  
I know

Yeah I know  
It's just a year  
I know  
But I can't wait  
I can't wait  
I can't wait  
Oh no  
Never wait  
I know  
I know
