

Superflea, Dream Until 4

Today was your birthday
goodness, you're 14!
man, it was sad
the party was a real drag

I don't know
I just feel down
how long until we go out?
I mean, on our own

It's not a real story anyway
I feel I'm more confused each passing day
and when I'm alone
I'm like an unknown..
I lie in bed, the windows closed
I dream until 4
and then I give up
