

Superheist, Torniquet For A Broken Planet

I didn't mean to hurt you

you know you've gone to far to far

you drift away

I didn't mean to hurt you

you know you've gone to far to far

you slip away

I didn't mean to hurt you

you know you've gone to far

you know you've gone to far

you slip away

until you reach the end

you slip away

you know you've gone to far
