

# Superior, Dreamtime

Let your worries fall away.  
Turn off your mind and calm down inside  
Now feel all the pictures you see...

Can't remember yesterday.  
All I really know is the fear I felt inside.  
And no hand to lead me through life

Look around Victim's found  
Take it out on her

Why don't we have time for dreaming?  
Restless live - A prophecy?  
When sometimes I wake up screaming  
Will my fears survive when I fall asleep again?

Fall asleep  
Won't you dream with me - dream with me
