

Superior, Reach For Reign

Exciting news
Were talk of the town, my friend
It seems like the seed is beginning to grow

Cant get it yet
They all start to spread the word
We have to make sure we keep hold of the steer

(Bridge:)
If we make it right, we can unhinge the world
All the fools will pay us devotion
Now, we must jump at the chance
Silently press the button, turn the key

(Chorus:)
Reach for reign! Now it is in sight
Soon, I know, we will have a ball, collect more souls
Reach for reign! Now the time has come
Who will dare keep the chosen back? We take the world!

Showtime is near
Im ready to spread the word
And messing around with those blockheads is fun

Soon on TV
Presenting the new Messiah
The credulous masses will get a great show
