Superior, Think

I present your new life Polished blank and clean Now you can forget the one you've been

Be the first example For perfect surgery The brain-controlled messiah that we need

No more rusty dreams inside Your stainless world The mind-remote-control is your best friend

Switching off emotions You're acting pretty cool Powered by the calm-reaction-tool

24-Bit Love-protection Coolness guaranteed Shyness is the least that you will need

Television useless Guess what you will get! Now you can receive the pictures

Inside your head

Thoughtomatic Silicon magic Download your dreams to the fool-check-link

Brain-Dump arises Scanning your crises Are you able to think?

Nightmare turns to lightmare Sleepless nights are gone Nothing will disturb you having fun

Contact to your best friends? No problem anymore That's what the phone device is for

Solar plates deliver All the energy you need Just a little chip you have to feed

Scientists are working on The only bug it's got They've got to keep you cold inside 'cause This chip gets hot!
