

Superjoint Ritual, Antifaith

Through the beyond
The brain that creeps compulsion
Unrash decision
A battle pitched with lyric
Bastard world is swallowing
and harvesting
A dense generation that's doomed
to repeat over and over

Dischord, Fear, Psychosis,
Then the grave

Antifaith
A legion in the cerebellum
Kill the senses
Dream of guilt
a blatant fraud
Abominations will maximize
both death and danger

Dischord, Fear, Psychosis,
then genocide

At one time
Try it again and again
A grizzled dawn
Execution
Your flesh at one with the dirt
No dead king
No veil of martyrs
Just red, raw and gone...
