

Supernatural, It's Killing Me

Hello, goodbye

I wanted to see, but I guess I

I don't have the strength to speak tonight

It's tricky sometimes

When you wanted to run, you'd always hide

You can't find the truth behind the lies

Another day and I'm on my feet, yeah

But the street feels like it's sleeping

I'm on a mission and it ain't too sweet

You're the reason I'm afraid

Said, you're the reason I'm afraid

(chorus)

But I want you to know

It's killing me

I think I gotta let go

Cause it's killing me

You're gonna do what you want

But you better believe

It's killing me

Love never dies

It's the reason that I won't compromise

But sometimes you fall before you fly

I've seen it coming for quite some time, man

I don't know what you're thinking

How can the two of us walk in stride

If we don't see eye to eye

You got me all messed up inside

(repeat chorus)

(bridge)

Is it too late in the game

There is no one left to blame

I will always mention you

To the one that I pray to

(repeat chorus)

Why can't you see that you're killing me
