

Supertramp, Give Me A Chance

In time this fire will turn to ashes
The sun will fall out the sky
Still you see no urgency
To spend some time with me
Time with me

I can't believe you haven't noticed
Just how long I've been waitin' for you
I've been such a patient man
But I still don't understand
You won't

Give me a chance to show how much I love you
Give me a chance to show how much I care
How I care

It's hard to know just what you're thinkin'
You cloak yourself in mystery
Conversations always brief
Like a sigh with no relief
You won't

Give me a chance to show how much I love you
Give me a chance to show how much I care
Give me a chance to show how much I love you
if you dare

You gotta give me a chance to show how much I love you
Give me a chance to show how much I care
Give me a chance to show how much I love you
Give me a chance
