

Supreme Beings Of Leisure, Ride

The walls you walk through in your sleep
The map you had but couldn't keep
Seems it's never as you planned
That's a lie you understand
Every fork in the road you choose
Some you win some you lose

It's all in the ride
It's all in the ride
For when you decide
It's all in the ride
Beauty's there it's deep inside
Drifting on a brilliant tide
It's all in the ride
It's all in the ride

The spell we're under it runs deep
Full of illusions that we keep
Seems it's only about time
And we are slaves caught in its chime
Every moment is only now
And future past is just a cloud

It's all in the ride
It's all in the ride
For when you decide
It's all in the ride
Beauty's there it's deep inside
Drifting on a brilliant tide
It's all in the ride
It's all in the ride
