

Supreme Beings Of Leisure, So Much More

Come with me
Through the hills and valleys.
Say you'll be an explorer for me.
Say you'll see the shore for me.
So you're free
Just take my hand (my hand)
So you're free
And take my hand (my hand)

I get lost in you music, your song
I am longing to be
I get lost in you music, your song
I am longing to be
I have nothing to offer but love
Can't you see.
You are you, I'm me, but we
We are so much more.
So much more.

Ship sets sail
Across a murky ocean
Bright colored tails that shine
Across all space and time
So you're free
Just take my hand (my hand)
So you're free
And take my hand (my hand)

I get lost in you music, your song
I am longing to be
I get lost in you music, your song
I am longing to be
I have nothing to offer but love
Can't you see.
You are you, I'm me, but we
We are much so more.
So much more.
(So much more)

I get lost in you music, your song
I am longing to be
I get lost in you music, your song
I am longing to be
I have nothing to offer but love
Can't you see.
You are you, I'm me, but we
We are so much more.

I get lost in you music, your song
I am longing to be
I get lost in you music, your song
I am longing to be
I have nothing to offer but love
Can't you see.
You are, you are and me, but we
We are so much more.
