Survivor, Don't Give Up

It's hard to see, and harder to do
It's easy to walk away and say the game is through
It's up to me, and it comes down to you
It's easy to throw it all away for something new
Chorus 1:
Don't give up, don't let go
Till we give it all we've got we'll never know
Don't give up

Don't you know, it's taking its toll
Sometimes the road will lead us where we'd never go
Look in my eyes and into my heart
With all of the time that's come and gone, we've come so far

Chorus 2:
Don't give up, don't let go
Till we give it all we've got we'll never know

Don't give up, hold on tight
Nothing is easy when it's real, it feels so right
Yeah!
Don't give up

Sometimes it takes so long, to know what's right or wrong but if you believe enough, it's all you'll ev

Don't give up
Don't give up, hold on tight
Nothing is easy when it's real, it feels so right
Yeah!
Don't give up
Don't give up
Don't give up,
Nothing is easy when it's real, it feels so right
Don't give up
Don't give up
Don't give up
Don't give up
