

# Susan Ashton, Getaway Car

Rememberin' when we first met we had that adventure in our eyes  
But somethin' got away I guess in the everyday of our lives  
And I don't know what keeps us here let's disappear and start all over again

We can runaway baby come as you are  
You can look at my heart as your getaway car  
We can drive all night it'll be all right  
Love can take us so far on my getaway car

All we need is the open road and more fuel for the fire inside us  
Steer us on into lands unknown we can leave this world behind  
And all I know is you and me that's all we'll need to start all over again

We can runaway baby come as you are...

Turn up the radio and don't look back again  
Let me put the pedal down get us outta this town  
Don't be afraid to ride
