Susan Enan, Bring On The Wonder

Bring On The Wonder

I can't see the stars anymore living here Let's go to the hills where the outlines are clear Bring on the wonder, bring on the song I pushed you down deep in my soul for too long

I fell through the cracks at the end of our street Let's go to the beach, get the sand through our feet Bring on the wonder, bring on the song I pushed you down deep in my soul for too long Bring on the wonder, we got it all wrong We pushed you down deep in our souls for too long

I don't have the time for a drink from the cup Let's rest for a while 'til our souls catch us up Bring on the wonder, bring on the song I pushed you down deep in my soul for too long Bring on the wonder, we got it all wrong We pushed you down deep in our souls so hang on Bring on the wonder, bring on the song I pushed you down deep in my soul for too long.
