

Susan Raye, Greatest Gift Of All

Love is the greatest the greatest gift of all
I love everything that God created
From the largest things down to the small
But when he gave me you right away I knew
Love is the greatest the greatest gift of all

I thought I had all I could offer but everything I had now seem so small
When I come there into the joy of loving you
Love is the greatest the greatest gift of all

There is no way to explain it but you know it the minute you fall
For that feeling had that comes from loving
Love is the greatest love is the greatest love is the greatest the greatest gift of all
