

# Susan Raye, How Long Will My Baby Be Gone

How long is forever how soon is now or never  
How long will these heartaches linger on how long will my baby be gone  
How wide is an ocean how deep is a devotion  
How long do these sleepless nights go on how long will my baby be gone  
For you took the sunshine from my world and you walked away with another girl  
How much does a heart ache how deep is a heartbreak  
How long do these sleepless nights go on how long will my baby be gone

For you took the sunshine from my world and you walked away with another girl  
How much does a heart ache how deep is a heartbreak  
How long do these sleepless nights go on how long will my baby  
How long will my baby be gone
