

# Susan Raye, I've Got You On My Mind Again

I've got you on my mind again you've been there since I don't know when  
I said that I'd forget I'd never look back  
I'd find somebody else so little further down the track  
That same old hurt is back once more it's here since you walked out the door  
And as the long day ends and the lonely night begins I've got you on my mind again

I said that you'd be out of mind when you've got out of sight  
There'll never be one lonely moment or one sleepless night  
Lately I've been finding out just what a heartache means  
Every time I close my eyes I see you in my dreams  
And I've got you on my mind again...  
I've got you on my mind again
