

Susan Raye, Put A Little Love In Your Heart

Think of your fellow man lend him a helping hand put a little love in your heart
You see it's getting late oh please don't hesitate put a little love in your heart
And the world will be a better place and the world will be a better place
For you and me you just wait wait and see

Another day goes by and still the children cry put a little love in your heart
If we want the world to know we don't let hatred grow put a little love in your heart
And the world will be a better place...
Wait and see

Take a good look around and if you're looking down put a little love in your heart
I hope when you decide on just who'll be your guide put a little love in your heart
And the world will be a better place...
