

Susan Raye, Roll Out The Red Carpet

I'm gonna roll out the red carpet when you come home
Gonna treat you like the way I feel like you ain't never known
I'm gonna have brass band at the station
Gonna let 'em know what the united nation
And I'm a gonna roll out the red carpet when you come home

Well I think I hear old 99 around in the bend
And I know it won't be long until you're in my arms again
I'm a gonna love you hug and kiss you
I'm a gonna let you know how much I miss you
And I'm a gonna roll out the red carpet when you come home
I'm gonna roll out the red carpet...

[steel]

Well I worn out my best shoes walking the floor
And I won't sleep a wink until you knock on my door
When I got a word that you were a comin' the clock on the wall is about stop runnin'
And I'm a gonna roll out the red carpet when you come home
I'm gonna roll out the red carpet...
And I'm a gonna roll out the red carpet when you come home
