

Susan Raye, She Don't Deserve You Anymore

When I found you darling and she solved her big mistake
Saw what she was losing felt her heart begin to break
Please don't let her talk you bout the way she's done before
Why she's had a hundred chances she don't deserve you anymore
Let her eyes do the crying let her feet walk the floor
Let her heart do the breaking like she's let yours break before
Let her lips do the sighing let her heartaches start to sore
Let her arms do the aching she don't deserve you anymore
[guitar]
Let her eyes do the crying...
