

# Susan Raye, When You Get To Heaven (I'll Be There)

When you get to heaven I'll be there  
If I should go first and have to leave you  
To face this life alone with all its cares  
Darling don't forget you'll find me waiting  
To help you climb up heaven's golden stairs  
When you get to heaven I'll be waiting when you get to heaven I'll be there  
Just inside the pearly gates darling that's where I'll wait  
When you get to heaven I'll be there  
[ guitar - steel ]  
Sometimes this old road gets rough and rocky  
Sometimes you may wonder what's the use  
But darling keep your chin up and keep smiling  
Inside heaven's door I'll wait for you  
When you get to heaven...  
When you get to heaven I'll be there
