

# Susanna Hoffs, Anyone Else

You don't look like anyone else  
You don't act like anyone else  
You don't go where everyone goes  
You don't faint like everyone does.

And I wanna see the world the way you do  
Everything is strange but it's true  
I just wanna get inside of you  
I wanna know you.

You don't talk like anyone else  
You don't break like everyone else  
I always see you by yourself  
And then I want you for myself.

And I wanna see the world the way you do  
(I wanna know you)  
Everything is strange but it's true  
(I wanna know you)  
I just wanna get inside of you.

Seeing you what you can't see  
Do you see the same in me  
Yeah, la la la - la la la.

And I wanna see the world the way you do  
(I wanna know you)  
Everything is strange but it's true  
(I wanna know you)  
I just wanna get inside of you  
I wanna know you.

I wanna know you  
(I want you to know I need you)  
I wanna know you  
(I want you to know I need you)  
I wanna know you  
(I want you to know I need you).

I wanna know you  
(I want you to know I need you)  
I wanna know you  
(I want you to know I need you)  
I wanna know you  
(I want you to know I need you).
