

# Susanna Hoffs, Circus Girl

Blindfold  
Wait for the bullet  
Every night  
Might be just another but  
Final night  
Make me so hard (and) beautiful.

Circus girl  
Like a rock, like a hook  
Like I shook like thunder  
Like a look from a goddess  
Like a circus girl.

Any girl from nowhere  
You know anyone from  
Can make you faint  
It ain't easy at that height  
Like the trick of the light  
And the paint on the face.

Just an ordinary woman  
With the need to sing  
To risk everything  
Every night to fly like an angel  
Shine like a star  
Live like an animal  
And sleep behind the sideshow.

Circus girl  
Like a rock, like a hook  
Like I shook like thunder  
(Like a look) from a goddess  
Like a circus girl.

Any girl from nowhere  
You know anyone from  
Can make you faint  
It ain't easy at that height  
Like the trick of the light  
And the paint on the face.

Of an ordinary woman  
With the need to sing  
To risk everything  
Every night to fly like an angel  
Shine like a star  
Live like an animal  
And sleep behind the sideshow.

Circus girl  
Like a (promise) like a (rock)  
Like (aaah) like thunder  
Like a look from a goddess  
Like a circus girl.
