

# Susanna Hoffs, Pride

Pride

It's taken you for a ride  
Makin' you run and hide  
Keepin' it all inside  
Won't make it better.

Try

Nobody's askin' why  
Remember that it's your life  
Learnin' to say goodbye  
That means forever.

Free

No one to hold you down  
Not me  
Free  
No one to tell you lies  
But you won't listen now.

Fly

You never flew so high  
Reach for the other side  
Baby, you realize  
That you were fallin'.

Free

No one to hold you down  
Not me  
Free  
No one to tell you lies  
But you won't listen now.

Oh no no no.

There's someone out there  
Life takes you somewhere  
There's so much more that you can find  
It's alright.

Pride

You can put up a fight  
Nobody's wrong or right  
Keepin' it all inside  
Won't make it better.

Won't make it better  
Won't make it better  
Oh no no no.
