

# Sussie 4, I'm On Time - Nopal Beat

Musica

I'm on time to find my way to go  
It s not mine this face without eyes  
When you're tired, you just have to try  
To keep your mind under control  
And believe you're your own

I'm on time to find my way to go  
Yeah, just fine, yourself again inside of me  
When your one, you just have to try  
To keep your mind under control  
And believe you're on your own

Cause I'm on time, on time  
on time, to find my way to go  
on time, on time, on time  
to find my way to go  
on time, on time, on time  
to find my way to go  
on time on time to find my way to go for you

Musica.
